

**TRANSLATIONS OF DOCUMENTS NOT IN ENGLISH**

All documents submitted to U.S. Citizenship & Immigration Services must be in English or accompanied by an English translation, including birth certificates, marriage certificates, diplomas, and transcripts. It is best to translate the document word for word, in a format and layout matching the original.

Each translated document must also include a Certification by Translator. You should not sign the Certification by Translator yourself; please ask someone fluent in English and the other language to help you. This person does not need to be a certified or licensed translator.

---

For the Certification by Translator, type the following certification on a separate sheet of white paper for each document translated:

**Certification by Translator**

I, [ <i>name of translator</i> ], certify that I am fluent in the English and [ <i>name of language</i> ] languages, and that the attached document is an accurate translation of the document entitled: [ <i>name of document</i> ].
Date: _____
Signature: _____
[ <i>Typed Full Name</i> ]
[ <i>Address</i> ]

If you have any questions about document translations, please contact our office.
